New Delhi, Delhi | +91 – 7011874366 | [aryanmanav6@gmail.com](mailto:aryanmanav6@gmail.com) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | [LeetCode](#)

## PROFESSIONAL SUMMARY

Results-oriented Software developer with a focus on creating user-focused, modular, and responsive web applications. Proficient in JavaScript, React.js, and SCSS, with a track record of success in utilizing the MERN stack to create full-stack solutions and high-performance user interface systems. Competent in integrating REST APIs, creating real-time applications, and maximizing frontend performance on various platforms. Devoted to providing intuitive user experiences, maintaining design consistency, and having clean architecture.

## EDUCATION

### National Institute of Technology Delhi

B.Tech. in Electrical Engineering — Aug 2023 – Present

GPA: 7.88

## EXPERIENCE

### SCSS Framework & Limitless CSS Migration — DWA Commerce (Jan 2024 – March 2024)

- Built a modular SCSS framework and migrated Limitless CSS to version 4.0.
- Enhanced scalability, responsiveness, and cross-browser compatibility.

### UI/UX & Web Design Intern — Acro Engineering Company (Jun 2025 – Present)

- Designed and delivered scalable UI components using Bootstrap 5 and Figma.
- Built and shipped 20+ reusable React.js components, accelerating feature delivery by 30% and reducing code duplication.
- Participated in Agile sprints and iterative user testing cycles.

## PROJECTS

### Client-Agent Chat Platform (MERN + Socket.io) — 2025

- Built a real-time client-agent chat app used to simulate component-based support systems, improving agent workflow visibility via a dedicated dashboard.
- Engineered agent dashboard with message logs, dynamic assignments, and chat controls.
- Used React.js (frontend), Node.js & Express (backend), and Socket.io for bidirectional messaging.

### Online Code Editor (MERN Stack + Monaco Editor) — 2024

- Developed a MERN stack-based code editor, The editor supports syntax highlighting, real-time collaboration, and multiple language execution.
- Optimized performance by implementing efficient code execution workflows.
- Tech Stack: React.js, Node.js, Express.js, Monaco Editor, Compilix.

### Personal Portfolio Website (React + Vercel) — 2024

- Architected a responsive portfolio using modern UI frameworks; optimized for speed and SEO.
- Deployed on Vercel to showcase projects and contact details interactively.

## ACHIEVEMENTS

- Solved **120+ LeetCode** problems and **50+** questions on GeeksForGeeks and TakeUForward.
- Contributed to **open-source** repositories and tech communities.
- Participated in national-level **hackathons and coding contests**.

## SKILLS

- **Languages:** Java, C, Python, JavaScript
- **Backend & Tools:** Node.js, Express.js, Django, Flask, Git, GitHub, Postman, Vercel
- **Databases:** MongoDB, MySQL (basic)
- **Concepts:** Data Structures & Algorithms (Java), Adaptive Design, Component Architecture
- **Interests:** Basketball, Music, Graphic Design, Video Editing
- **Soft Skills:** Leadership, Communication, Problem Solving, Time Management
